"This work is used as the text-book on this subject in the U. S. Military Academy. It is designed also for use in other institutions. The body of the work is confined to a succinct statement of the facts and principles of each subject contained in it. The Appendix consists of the mathematical demonstrations of principles found in the text, with Notes on any new facts that from time to time appear."

A TREATISE ON FIELD FORTIFICATIONS; containing Instructions on the Methods of Laying out, Constructing, Defending, and Attacking Intrenchments. With the General Outlines, also, of the Arrangement, the Attack and Defence of permanent Fortifications. Third Edition, revised and enlarged. 1 vol., full cloth, with steel plates 1 00

"This work is the text-book on this subject used in the U. S. Military Academy. It is also designed as a practical work for Officers, to be used in the field in planning and throwing up intrenchments."

AN ELEMENTARY TREATISE ON ADVANCED GUARD, OUT-POST, AND DETACHMENT SERVICE OF TROOPS, and the Manner of Posting and Handling them in the presence of an enemy. With an Historical Sketch of the Rise and Progress of Tactics, &c., &c., intended as a Supplement to the System of Tactics adopted for the Military Service of the United States, and especially for the use of officers of Militia and Volunteers. 1 vol. 18mo., full cloth 75

"This little work is designed to supply to some extent a want much felt among officers in the outset of their duties, by pointing out to them the more usual rules for posting and manning troops in the daily services of a campaign."

MAHAN (PROF. H. D., LL.D.) INDUSTRIAL DRAWING. Comprising the Description and Uses of Drawing Instruments, also Construction of Plane Figures, the Projections and Sections of Geometrical Solids, Architectural Elements, Mechanism and Topographical Drawing; with Remarks on the Method of Teaching the Subject. For the use of Academies and Common Schools. 1 vol. 8vo., twenty steel plates, full cloth,	2 00
<p>"The design of this work is to teach Geometrical Drawing, as applicable to all industrial pursuits, in a simple, practical manner, to persons even who have made no attainments in Elementary Mathematics. For this purpose the method recommended is the oral one, in which each operation will be performed by the Teacher before the eyes of the pupil, by whom in turn it will be repeated. It is hoped that the work will also be found useful to all who are preparing themselves for any of the industrial pursuits in which Geometrical Drawing is required."</p>
